

Guidelines for Poster Development and Submission

Theme Selection:

1. Carefully select the most appropriate category from the available themes and subthemes of ICRAHS for your poster.
2. Mention the Track Number and specify the Theme/Subtheme of the conference that best aligns with your research.

Poster Content:

- Title: Ensure the title matches the one submitted in the abstract.
- Authors: Include all authors' names with contact details, including email addresses and institutional affiliations.
- Mention your poster with the assigned abstract ID.
- Structure your poster with the following sections: Introduction/Background, Method, Result, Conclusion, References, and Keywords.
- You may include Tables, figures, scanned X-ray images, photographs, and graphs, but ensure they have a resolution that guarantees print quality.
- If your research is subject to ERC/ECRA approval, provide the approval number in the lower-left corner of your poster if applicable.

Poster Format:

1. Create your posters using MS PowerPoint.
2. Maintain a portrait format with dimensions of 36 x 48 inches.
3. Keep the background of your poster simple with light colors and use darker tones for text.
4. Utilize the Times New Roman font.

Important Notes:

- Print your posters before the Conference, as there will be no poster printing facilities on-site.
- Send an electronic copy of your poster to the designated focal person at editor@icrahs.org

- All registered participants' posters must reach the postal address given below by February 10th, 2024, before 16:00 hrs. You can deliver them by hand or via courier to Karachi Institute of Physiotherapy & Rehabilitation Sciences KIPRS.

Postal Address: Plot C99, Block 9 Gulshan-e-Iqbal, Karachi, Sindh 75300

Following these guidelines will ensure that your poster is well-prepared and adheres to the standards required for the conference.
